NOTE: After hanging the Olyset® Net wash hands before eating. Keep plastic bag [packaging] away from children. Keep outside [plastic] bag [box] [with label] for complete directions for use and for net storage.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

{Instructional insert for spring hoops}

[Hold both sides of ring tightly and unwind slowly. ATTENTION! Ring may snap open suddenly. When unwinding the ring keep away; (a) from children (b) from face (eyes!) Unfold net and turn inside out to attach hoop to net. To set, tie all (six) string securely to the ring. Turn the net outward over the ring to expose the loop.]

[Assemble the 5 wire pieces, securing the ends together to form a circle.] [Loosen the drawstring at the top of the net.] [Insert the wire circle into the opening at top of net.] [and tighten the drawstring.]

Hang netting up [above] [the bed] [or] [area to be protected] by suspending [each corner] [from the supports provided] [from the ceiling] [using either the hook[s], [thumbtack] or [string] [provided]. If using over a bed, tuck the lower edge of the netting under the mattress to ensure a tight fit to prevent mosquitoes and other flying insects from entering, otherwise ensure that the base of the netting is in complete contact with the ground.

If netting becomes dirty, wash separately from other items, in warm water and allow to dry in shady area. Avoid sunlight when drying. Do not dry clean. Dry cleaning removes the active ingredient [permethrin].

Do not use for purposes other than originally intended. Do not retreat netting with other permethrin insect repellent products.

STORAGE AND DISPOSAL. When not in use, store net [in outer packaging] in a cool, dry place away from children and direct sunlight. Discard of outer packaging and net in trash when net is worn out.

[**Fiber material:** Polyethylene monofilament]

[Weave Type: Raaschel]
